# Advanced C# Programming

## About the Author

Paul Kimmel founded Software Conceptions, Inc., in Okemos, Michigan in 1990. Paul specializes in object-oriented architecture and software design. He is the frameworks columnist for *Windows Developer Magazine*, a bimonthly columnist for *codeguru.com*, and a contributing columnist to *InformIT*. Paul has written several books on object-oriented programming. He is currently the lead architect for a C# and ASP.NET enterprise application for managing the corrections division of the sheriff's office in Oregon, and he has successfully implemented dozens of corporate and commercial applications in the telecom, insurance, and financial industries and for law enforcement and government agencies, with customers throughout the United States, Canada, and Puerto Rico.
