## New product development in textiles

## **The Textile Institute and Woodhead Publishing**

The Textile Institute is a unique organisation in textiles, clothing and footwear. Incorporated in England by a Royal Charter granted in 1925, the Institute has individual and corporate members in over 90 countries. The aim of the Institute is to facilitate learning, recognise achievement, reward excellence and disseminate information within the global textiles, clothing and footwear industries.

Historically, The Textile Institute has published books of interest to its members and the textile industry. To maintain this policy, the Institute has entered into partnership with Woodhead Publishing Limited to ensure that Institute members and the textile industry continue to have access to high calibre titles on textile science and technology.

Most Woodhead titles on textiles are now published in collaboration with The Textile Institute. Through this arrangement, the Institute provides an Editorial Board which advises Woodhead on appropriate titles for future publication and suggests possible editors and authors for these books. Each book published under this arrangement carries the Institute's logo.

Woodhead books published in collaboration with The Textile Institute are offered to Textile Institute members at a substantial discount. These books, together with those published by The Textile Institute that are still in print, are offered on the Woodhead web site at: [www.woodheadpublishing.com](http://www.woodheadpublishing.com). Textile Institute books still in print are also available directly from the Institute's web site at: [www.textileinstitutebooks.com](http://www.textileinstitutebooks.com)

A list of Woodhead books on textiles science and technology, most of which have been published in collaboration with the Textile Institute, can be found towards the end of the contents pages.

<i>Woodhead Publishing Series in Textiles</i>	<i>xi</i>
<i>Introduction</i>	<i>xvii</i>
<b>Part I General overview of innovation and textile product development</b>	<b>1</b>
1 Innovation and new product development in textiles S. FRUMKIN, S. BRADLEY and M. WEISS, Philadelphia University, USA	3
1.1 Introduction: incremental change versus disruptive innovation	3
1.2 Forces for innovation	6
1.3 Organizing for disruptive innovation	9
1.4 The textile industry and innovation	11
1.5 Trends in textile innovation: wearable electronics, biomedical, biomimetic and nano-textiles	12
1.6 Case studies in innovation in textile manufacture	14
1.7 Sources of further information and advice	20
1.8 Notes	20
1.9 References	21
2 Practical aspects of innovation in the textile industry S. FRUMKIN, S. BRADLEY and M. WEISS, Philadelphia University, USA	22
2.1 Introduction and practical aspects of innovation	22
2.2 Meeting the needs of customers better than the competition	23
2.3 Innovation as a driver of new strategic issues in the apparel industry	26
2.4 Future trends in innovation	30
2.5 Sources of further information and advice	31
	v

vi	Contents	
2.6	References	32
2.7	Appendix: glossary	33
3	Textile product development and definition M. STARBUCK, Ctext FTI Textile Consultant, Leicester, UK	34
3.1	Introduction	34
3.2	Nylon to Tactel	35
3.3	Sustainability	37
3.4	Future trends	41
3.5	Conclusion	41
3.6	Acknowledgement	41
3.7	References	41
3.8	Appendix: glossary	41
<b>Part II</b>	<b>New product development of textiles</b>	<b>43</b>
4	New product development in knitted textiles S. EVANS-MIKELLIS, A. U. T. University, New Zealand	45
4.1	Introduction	45
4.2	Seamless knitwear	45
4.3	Printing on knitwear	51
4.4	Computer aided knitwear design (CAD) and virtual knitwear	54
4.5	Sources of further information and advice	63
4.6	References	63
5	Fabrics and new product development S. FRUMKIN and M. WEISS, Philadelphia University, USA	65
5.1	Introduction	65
5.2	Market demand	66
5.3	Functionality responses	67
5.4	Environmental sustainability responses	69
5.5	Sensing textiles responses	72
5.6	Marrying artisan techniques with synthetic technologies	75
5.7	Sources of further information and advice	78
5.8	References	78
6	New product development in automotive upholstery J. M. EASON, North Carolina State University, USA	80
6.1	Introduction	80
6.2	The automotive textile market, key drivers and supply chain	81
6.3	New product development process for automotive upholstery	91

6.4	Novel materials and processes in automotive upholstery	98
6.5	Future developments in automotive upholstery	102
6.6	Sources of further information and advice	106
6.7	References	107
7	Nanotechnology innovation for future development in the textile industry	109
	F. NOOR-EVANS, KPMG – R&D Incentives, Australia, S. PETERS, Queen Mary University of London, UK and N. STINGELIN, Imperial College, London, UK	
7.1	Introduction	109
7.2	Nanotechnology in the textile industry	110
7.3	Adoption of nanotechnology for textile applications	115
7.4	Conclusion	127
7.5	Future developments	128
7.6	Sources of further information and advice	129
7.7	Acknowledgement	129
7.8	Note	130
7.9	References	130
8	New product development in interior textiles	132
	A. BÜSGEN, Niederrhein University of Applied Sciences, Germany	
8.1	Introduction	132
8.2	New product development of interior textiles – basics and general procedures	133
8.3	Case studies	140
8.4	Learning experiences for successful new product developments of interior textiles	150
8.5	Future trends in interior textiles	151
8.6	Sources of further information and advice	152
8.7	References	153
9	New product development for e-textiles: experiences from the forefront of a new industry	156
	P. WILSON and J. TEVEROVSKY, Fabric Works LLC, USA	
9.1	Introduction	156
9.2	Integration of electronics and fabrics	158
9.3	E-textiles product development challenges	161
9.4	What every company should know	165
9.5	Sources of further information and advice on e-textiles	173
9.6	Conclusions	174
9.7	References	174

viii	Contents	
10	Customer co-creation: moving beyond market research to reduce the risk in new product development F. T. PILLER and E. LINDGENS, RWTH Aachen University, Germany	175
10.1	Introduction	175
10.2	Challenges of identifying customer needs in the product development process	176
10.3	Notes	186
10.4	References	187
11	The development and marketing of SilverClear® L. HORNE, University of Manitoba, Canada and B. ROSE, TransTex Technologies Inc., Canada	190
11.1	Introduction	190
11.2	The medical device industry in Canada	192
11.3	The importance of market access	195
11.4	References	196
