Preface

You have possibly known that TOEIC is short for Test of English for International Communication. It is an English test taken by non-native speakers who want to use English in their international workplace. It also allows employers to make hiring decisions, promotions, or transfers depending on job seekers' qualifications and English proficiency. In Vietnam, TOEIC has recently been used as a tool to measure students' level of competence in English before graduation from university.

The three sets of **TOEIC SMART**, which are presented in yellow, green, and red colors, have come into existence to meet the demand of beginning learners of English. They cover not only simple and detailed lessons in grammar but also simulated listening and reading tests. Using **TOEIC SMART** series, you can easily enhance your English ability in a systematic and well-organized way. At the same time, you can also familiarize yourself with the TOEIC Bridge test which assesses English proficiency at elementary level.

Presumably, exam preparation for an internationally recognized certificate is a vital period. You will find it less stressful if you have relevant and beneficial materials in hand. **TOEIC SMART** series is, hence, the right choice for you. Each set of the series consists of three separate books, and each book has eight lessons which respectively provide you with certain necessary input and a variety of exercises for practice. You will find easy-to-learn grammar lessons as well as typical formats and topics of listening and reading tests, all of which aim at improving the knowledge of grammar, the listening and reading comprehension skills used in an international environment. Most significantly, every book goes with an MP3 CD which certainly helps you improve both your pronunciation and your listening ability. You should make good use of the CDs to effectively achieve these purposes after checking your work with the answer key.

It is believed that you will find these three sets of books truly practical and helpful. Hopefully, they may be your essential companions at the starting point on your path to your own expected goal and forthcoming workplace success.

ABOUT THE TOEIC BRIDGE READING TEST

The TOEIC Bridge Reading test consists of 50 questions presented in the test book. Candidates will read a variety of materials and answer questions based on the item content. The Reading test has two parts and takes 35 minutes.

Part IV: Incomplete Sentences

Part IV of the TOEIC Bridge Reading test consists of a number of gapped sentences. There are four words or phrases (related to grammar or vocabulary) marked (A), (B), (C), and (D) under each sentence. Candidates have to choose the one word or phrase that best completes the sentence. They, then, mark the answer on their answer sheet.

• Part V: Reading Comprehension

The questions in this part of the test are based on reading materials, such as notices, letters, forms, advertisements, etc. Candidates have to choose the one best answer, (A), (B), (C), or (D), to each question. They, then, mark the answer on their answer sheet.
