Preface

You have possibly known that TOEIC is short for Test of English for International Communication. It is an English test taken by non-native speakers who want to use English in their international workplace. It also allows employers to make hiring decisions, promotions, or transfers depending on job seekers' qualifications and English proficiency. In Vietnam, TOEIC has recently been used as a tool to measure students' level of competence in English before graduation from university.

The three sets of **TOEIC SMART**, which are presented in yellow, green, and red colors, have come into existence to meet the demand of beginning learners of English. They cover not only simple and detailed lessons in grammar but also simulated listening and reading tests. Using **TOEIC SMART** series, you can easily enhance your English ability in a systematic and well-organized way. At the same time, you can also familiarize yourself with the TOEIC Bridge test which assesses English proficiency at elementary level.

Presumably, exam preparation for an internationally recognized certificate is a vital period. You will find it less stressful if you have relevant and beneficial materials in hand. **TOEIC SMART** series is, hence, the right choice for you. Each set of the series consists of three separate books, and each book has eight lessons which respectively provide you with certain necessary input and a variety of exercises for practice. You will find easy-to-learn grammar lessons as well as typical formats and topics of listening and reading tests, all of which aim at improving the knowledge of grammar, the listening and reading comprehension skills used in an international environment. Most significantly, every book goes with an MP3 CD which certainly helps you improve both your pronunciation and your listening ability. You should make good use of the CDs to effectively achieve these purposes after checking your work with the answer key.

It is believed that you will find these three sets of books truly practical and helpful. Hopefully, they may be your essential companions at the starting point on your path to your own expected goal and forthcoming workplace success.

ABOUT THE TOEIC BRIDGE LISTENING TEST

The TOEIC Bridge Listening test consists of three parts:

- **Part I: Photograph Descriptions**

Candidates will see fifteen photographs in the test book and hear four short statements related to each of them. The statements are not printed in the test book. Candidates have to look at each photograph and choose the statement that best describes what they see in the photograph and mark it on their answer sheet.

- **Part II: Questions & Responses**

Candidates will hear statements or questions followed by three responses. They have to choose the best response to each of the statements or questions and mark it on their answer sheet.

Part III: Short Conversations and Short Talks

Candidates will hear fifteen short conversations or talks. In the test book, they will read a question and four possible answers related to each conversation or talk. They have to choose the best answer to each question and mark it on their answer sheet.

ABOUT THIS BOOK

This book has eight lessons. It is designed to enhance the listening ability of beginning learners of English. It also familiarizes them with the three parts of the TOEIC Bridge Listening test.

→ ACHIEVEMENT TEST

You will find an Achievement Test after learning eight lessons in the book. The number of questions in this test is fewer than that of an actual TOEIC Bridge Listening test, but the question formats are quite similar to those in Parts I, II, and III of the TOEIC Bridge Listening test. It is advisable that you do them within 13 minutes to see how much you have achieved after learning the eight lessons in the book.

● PART I

Track 25

Directions: For each question, you will see a picture in your test book and you will hear four short statements. The statements will be spoken just one time. They will not be printed in your test book, so you must listen carefully.

When you hear the four statements, look at the picture in your test book and choose the statement that best describes what you see in the picture. Then, on your answer sheet, find the number of the question and mark your answer. Look at the sample below.
