# Contents

**List of figures**

**List of tables**

**Preface**

## **1 Research: a way of thinking**

*Research: an integral part of your practice*

*Research: a way to gather evidence for your practice*

*Applications of research*

*Research: what does it mean?*

*The research process: characteristics and requirements*

*Types of research*

Types of research: application perspective

Types of research: objectives perspective

Types of research: mode of enquiry perspective

*Paradigms of research*

*Summary*

## **2 The research process: a quick glance**

*The research process: an eight-step model*

*Phase I: deciding what to research*

Step I: formulating a research problem

*Phase II: planning a research study*

Step II: conceptualising a research design

Step III: constructing an instrument for data collection

Step IV: selecting a sample

Step V: writing a research proposal

*Phase III: conducting a research study*

Step VI: collecting data

Step VII: processing and displaying data

Step VIII: writing a research report

*Summary*

## **STEP I FORMULATING A RESEARCH PROBLEM**

### **3 Reviewing the literature**

*The place of the literature review in research*

Bringing clarity and focus to your research problem

Improving your research methodology

Broadening your knowledge base in your research area

Enabling you to contextualise your findings

*How to review the literature*

Searching for the existing literature

Reviewing the selected literature

Developing a theoretical framework

Developing a conceptual framework

*Writing about the literature reviewed*

*Summary*

#### **4 Formulating a research problem**

*The research problem*

*The importance of formulating a research problem*

*Sources of research problems*

*Considerations in selecting a research problem*

*Steps in formulating a research problem*

*The formulation of research objectives*

*The study population*

*Establishing operational definitions*

*Formulating a research problem in qualitative research*

*Summary*

#### **5 Identifying variables**

*What is a variable?*

*The difference between a concept and a variable*

*Converting concepts into variables*

*Types of variable*

From the viewpoint of causal relationship

From the viewpoint of the study design

From the viewpoint of the unit of measurement

*Types of measurement scale*

The nominal or classificatory scale

The ordinal or ranking scale

The interval scale

The ratio scale

*Summary*

#### **6 Constructing hypotheses**

*The definition of a hypothesis*

*The functions of a hypothesis*

*The testing of a hypothesis*

*The characteristics of a hypothesis*

*Types of hypothesis*

*Errors in testing a hypothesis*

*Hypotheses in qualitative research*

*Summary*

## **STEP II CONCEPTUALISING A RESEARCH DESIGN**

### **7 The research design**

*What is a research design?*

*The functions of a research design*

*The theory of causality and the research design*

*Summary*

### **8 Selecting a study design**

*Differences between quantitative and qualitative study designs*

*Study designs in quantitative research*

Study designs based on the number of contacts

Study designs based on the reference period

Study designs based on the nature of the investigation

*Other designs commonly used in quantitative research*

The cross-over comparative experimental design

The replicated cross-sectional design

Trend studies

Cohort studies

Panel studies

Blind studies

Double-blind studies

*Study designs in qualitative research*

Case study

Oral history

Focus groups/group interviews

Participant observation

Holistic research

Community discussion forums

Reflective journal log

*Other commonly used philosophy-guided designs*

Action research

Feminist research

Participatory and collaborative research enquiry

*Summary*

## **STEP III CONSTRUCTING AN INSTRUMENT FOR DATA COLLECTION**

### **9 Selecting a method of data collection**

*Differences in the methods of data collection in quantitative and qualitative research*

*Major approaches to information gathering*

*Collecting data using primary sources*
