London

Truly one of the world's greatest cities

London is mercurial and endlessly fascinating: you could spend a lifetime getting to know it, then realise it's gone and changed again. Stretching back from the mighty River Thames, its lush parks and historic districts are crammed with extraordinary sights: royal palaces, towering cathedrals, and remarkable museums and galleries. Add the pick of the world's theatres, restaurants, sports venues and shops, and you'll be very reluctant to leave. Left: Tower Bridge (p73).
