EDITION

Human Resource Management

FOURTEENTH EDITION

R. Wayne Mondy • Joseph J. Martocchio

ALWAYS LEARNING

PEARSON

MyManagementLab™: Improves Student Engagement Before, During, and After

- **Video exercises** – engaging videos that bring business concepts to life and explore business related to the theory students are learning in class. Quizzes then assess students' comprehension of the concepts covered in each video.
- **Learning Catalytics** – a “bring your own device” student engagement, assessment, and class intelligence system helps instructors analyze students' critical-thinking skills during lecture.
- **Dynamic Study Modules (DSMs)** – through adaptive learning, students get personalized guidance where and when they need it most, creating greater engagement, improving knowledge retention, and supporting subject-matter mastery. Also available on mobile devices.
- **Business Today** – bring current events alive in your classroom with videos, discussion questions, and author blogs. Be sure to check back often, this section changes daily.
- **Decision-making simulations** – place your students in the role of a key decision-maker. The simulation will change and branch based on the decisions students make, providing a variation of scenario paths. Upon completion of each simulation, students receive a grade, as well as a detailed report of the choices they made during the simulation and the associated consequences of those decisions.

- **Writing Space** – better writers make great learners—who perform better in their courses. A single location to develop and assess concept mastery and critical thinking, the Writing Space assisted graded and create your own writing assignments, allowing you to exchange personal feedback with students quickly and easily.
