# Alternative Fuels for Internal Combustion Engines

Green Energy

LAP LAMBERT Academic Publishing

## INDEX

<b>1</b>	<b>Fuels .....</b>	<b>1-31</b>
1.1	Introduction .....	1
1.2	Fuels .....	1
1.3	Chemical structure of petroleum .....	4
1.4	Petroleum refining process .....	12
1.5	Compounds of crude oil .....	17
1.6	Petroleum composition .....	20
1.7	Important qualities of engine fuels .....	24
1.8	Rating of fuels .....	29
<b>2</b>	<b>Alternative fuels for internal combustion engines .....</b>	<b>32-75</b>
2.1	Need for alternative fuels .....	32
2.2	Ethanol .....	33
2.3	Methanol .....	38
2.4	Liquefied petroleum gas (LPG) .....	40
2.5	Compressed natural gas (CNG) .....	45
2.6	Hydrogen .....	54
2.7	Producer gas .....	63

2.8 Biogas .....	72
<b>3 Biodiesel.....</b>	<b>76-105</b>
3.1 Introduction .....	76
3.2 Typical oil crops useful for biodiesel production .....	77
3.3 Advantages of non-edible oils .....	90
3.4 Problems in exploitation of non-edible oils .....	91
3.5 Oil extraction .....	92
3.6 Oil processing as a business .....	96
3.7 Technologies of biodiesel production from non-edible oils .....	98
3.8 Properties and characteristics of biodiesel .....	100
<b>4 Emission and emission control .....</b>	<b>106-144</b>
4.1 Introduction .....	106
4.2 Engine emissions .....	107
4.3 Photochemical smog .....	124
4.4 Emission control methods .....	130
4.5 Total emission control packages .....	140
4.6 Effect of engine emissions on human health .....	143

<b>5</b>	<b>Dual fuel engines .....</b>	<b>145-182</b>
5.1	Introduction .....	145
5.2	Advantages of dual fuel engines .....	146
5.3	Combustion in dual fuel engines .....	146
5.4	Factors affecting combustion in dual fuel engines .....	148
5.5	Biogas in CI engine in dual fuel mode .....	152
5.6	CNG in CI engine in dual fuel mode .....	158
5.7	LPG in CI engine in dual fuel mode .....	159
5.8	Alcohol in CI engine in dual fuel mode .....	162
5.9	Hydrogen in CI engine in dual fuel mode .....	167
5.10	Producer gas in CI engine in dual fuel mode .....	175
<b>6</b>	<b>Homogeneous charge compression ignition (HCCI) engines .....</b>	<b>183-199</b>
6.1	Introduction .....	183
6.2	HCCI principle .....	185
6.3	Challenges in HCCI combustion .....	189
6.4	Main approaches for mixture preparation for diesel fuelled HCCI combustion .....	192
6.5	Fuel design and management for control of HCCI combustion .....	193
