ABOUT THE AUTHORS

Denzil Watson is a Principal Lecturer in Finance in the Sheffield Business School at Sheffield Hallam University (<http://www.shu.ac.uk>). Denzil has been teaching finance since he joined Hallam in 1991, having completed his BA(Hons) in Economics and MA(Hons) in Money, Banking and Finance at Sheffield University in the 1980s. He has taught financial management, corporate finance, risk management, microeconomics and financial markets for 28 years over a range of undergraduate, postgraduate and distance learning modules.

Finance is by no means Denzil's only passion. He is a committed traveller, having now visited over 50 countries including ones as diverse as Peru, Syria, Uzbekistan, Vietnam, Laos and travelled along the Chinese Silk Road. Travel photography is also high up on his list as evidenced by the covers of this book and its previous editions. He is a keen Urbexer and, along with his co-author, a long-suffering Derby County fan.

His other great love is music. He can be found fronting Sheffield post-New Wave indie group RepoMen (<http://repomen.bandcamp.com>), alt-rockers Batman's Treaty or listening to the likes of Joy Division, The Stranglers, The Perfect Disaster, Spear of Destiny, Dubioza Kolektiv, That Petrol Emotion, Sleaford Mods, British Sea Power, Dead Kennedys, The Clash and Cabbage. His inspirations include his mother Doreen, his sadly departed father Hugh, Kevin Hector, Ian Curtis, Michael Palin, Joe Strummer and John Peel. Denzil lives with his wife Dora and their two children, Leonardo and Angelina.

Antony Head is an Associate Lecturer in the Sheffield Business School at Sheffield Hallam University, having formerly been a Principal Lecturer in Financial Management there and Leader of the Financial Accounting and Management Accounting Subject Group. Tony joined Hallam after various jobs, which included spells as a chemical engineer and health-food shop proprietor. His higher education began in Sheffield, where he took an honours degree in Chemical Engineering and Fuel Technology at Sheffield University in the early 1970s.

Since then Tony has completed an MBA and a PGCfHE and can be found teaching financial management, corporate finance and risk management as required on undergraduate, postgraduate and professional modules at Sheffield Hallam University.

Tony, like Denzil, has many interests outside of academia. As well as being a dedicated Derby County fan he is studying for a classics degree with the Open University. His musical tastes are wide and varied, including Bob Dylan, Miles Davis, King Crimson, David Sylvian, Gustav Mahler and Philip Glass. Tony lives with his wife Sandra and has a daughter Rosemary, a son Aidan, a step-daughter Louise, step-sons Michael and Robert, and six grandchildren: Joshua, Isaac, Elizabeth, Amelia, Magnus and Arlo, with a seventh grandchild on the way.
