Contributors

Fabio Arnaboldi holds a degree in Economics from the Bocconi University in Milan, Italy. He joined Credito Italiano in 1990. From 1990 to 1996 he worked in business area, and in 1997 he was appointed Responsible for Credit Strategies and policies having the responsibility of developing the credit risk internal models. In 2006, he moved in Audit to develop monitoring activities as Responsible for Audit Monitoring and Methodologies department. Back in risk area as responsible for Group Risks Controls Department from 2011 to 2013, he became Head of Country Italy Audit at the end of 2014.

Nicola Bianchi is currently a Ph.D. student in Finance and Banking at Tor Vergata University of Rome, Italy. He is the author of different papers on Risk Culture in Banking; his research interests include corporate governance in banks, text analysis and NPLs.

Candida Bussoli is an Associate Professor of Financial Markets and Institutions at LUM Jean Monnet University in Casamassima in Bari, Italy, where she is head Professor of the courses in economics and management of financial institutions, corporate banking, economics of financial intermediaries, securities markets and asset management.

Candida is also a member of the faculty of the international Ph.D. in the economics and management of natural resources. She graduated with honours in Accounting and Business Administration from the University of Rome La Sapienza and holds a Master in Tax Law and Corporate Tax Accounting from the LUISS Guido Carli University in Rome, Italy and received her Ph.D. in Economics of Corporations and Financial Intermediaries at the G. D'Annunzio University in Chieti, Italy. Her research interests include financial systems' regulation, financial innovation and consolidation, bank-firm relationship, corporate governance, trade credit.

Anders Carlander Ph.D., is currently a postdoc researcher at the Department of Psychology, University of Gothenburg, Sweden. He is also affiliated with the Centre for Finance, at the School of Business, Economics, and Law, University of Gothenburg. He holds degrees in both business and psychology and has a Ph.D. in psychology. The topic of his dissertation was trust in financial institutions and banks. His main research interests are judgment and decision making, risk, behavioral finance and personality. He is currently involved in a number of interdisciplinary research projects but he will soon conduct his own research in a newly awarded research project investigating perceived risk in delegated stock portfolios.

Alessandro Carretta is Full Professor in Economics and Management of Financial Intermediation and former Director of the Ph.D. Program in Banking and Finance at University of Rome Tor Vergata (Italy). He has been teaching Banking and Finance for more than 35 years, being formerly at the Universities of Urbino, Lecce and Milan Bocconi. Fellow at Bocconi School of Management. His main research interests relate to banking management, focusing on banking groups and diversification, regulation and control, corporate governance, and culture and organizational change in banks. He has published widely, having produced more than 150 books and articles in academic journals. Past President of the Italian Academy of Management (AIDEA), he is a member of the committees and boards of several journals, research bodies and financial and academic institutions.
